Solid Top Electric Convection Oven Range (M Line)

MLE90CR-F-RS

MLine medium duty catering equipment is a modular series of appliances which are suitable as free standing units and line suites, they also can be incorporated into an island suite. All connections are made at the rear of the appliance and can be incorporated within a services void. MLine is designed to give optimum efficiency at a very competitive price. They are manufactured to the highest specification using 430 stainless steel.

CE
